#### **Profession/business:**

At the beginning of the year, you have Saturn transiting in 9th from rasi and Jupiter transiting 5th from rasi. The combined effect of these two transits (these two are the major planets transit) will be felt in the first half of 2016. But mostly the effects that you will derive will be self made i.e. made by yourself due to your own impatience and unnecessary arguments with boss, which will unnecessarily spoil good raise of salary & promotion. You are going to take the wraths of furious bosses and therefore it is best to keep a low profile and avoid arguments of all kinds. Again, keep distance with female colleagues completely. Give utmost respect to woman and disabled. . Do not argue or get over excited. Accept undesirable transfers too. If the bosses start magnifying small lapses on your part, it will make your life miserable and there is scope that you will be punished even for small mistakes. Do not stop doing sani japa and prayers and do not forget to visit temples as frequently as possible.

The effects of Jupiter will change by 2nd week of August 2016. During this cycle, you are likely to see benefits in the areas of work and health, as well as daily routines. You find much joy in your work, self-improvement endeavors, and taking care of your health. This transit enhances your ability to handle the details required to do a good job, and others become more aware of your skills. Benefits may come through co-workers or employees during this cycle. Any type of service that you may provide is likely to go well. You are more successful in hiring people to work for you, if applicable, and improvements to your working environment are likely. You find more enjoyment in the work you do, and it is easier than usual to find employment now. You may get a new job during this cycle, or significantly improve an existing one. Work tends to be very much available to you. Menial tasks tend to take priority, but you are likely to enjoy doing them. The best way to handle this transit is to take pride in and recognize your usefulness--this is bound to give you a great deal of joy, and you are likely to be rewarded as a result. As well, the more integrity and honesty you bring to your services, the more "payback" you will receive.

After August 2017, you will have a good time in office. You will earn respect which was lost during the last few months. Superiors will acknowledge your work and will reward accordingly. Relationship with Colleagues will peak. Promotions and good increments will come. Even if there is any sales/marketing targets for you, you will be able to achieve them somehow in the second half of 2016. Foreign tours or long India tour is on the cards. But take heart that this is purely short lived and it is likely to change for much better times after 2nd week of August 2016 when the Jupiter transit takes place. You will get monetary gains and your debts can be cleared easily. After August 2017, there is some possibility of going abroad and making it big on your finance. Even those who were separated from spouse resulting in running two establishments and heavy expenditure will have a possibility of re-unite and reduce the expenditure. Nevertheless, due to the effect of Sani in 9th, it will be better to keep a low profile. Do not venture into new things. Avoid arguments otherwise you may spend your time unnecessarily in court rooms. Be patient and honour all your commitments without fail.

Be very careful with Government and do not hide or do any illegal things. You will be caught easily due to Sani's presence in the 9th from your Rasi.

Due to the effects of Jupiter in the second half of 2016, income improves, promotion long due may happen, decent increment may come. If you had been separated from family earlier, you may get transfer for re-unite with family. Upto end of 2016, your financial position will be quite good.

## Health

Health related problems and the family displeasures which persisted during the last few months will reduce to a considerable extent hereafter. Expenses to medicines may come down in the first 7 months but may increase thereafter. Auspicious celebrations under your leadership will happen in your family. Energy and confidence will be regained slowly. Family issues slowly settle down. Friends and relatives come. The health and well-being of either of your parents may cause you some concern, and one of your children also may not remain in good health.
