• **Year 2016: Detailed readings:**

• **Part One:**

The effects in the major areas of life are likely to be on the following lines during 2014.

**Career:**

- Your career will improve much this year.
- In case you are not working now or do not have any business, this year will be the right time to start one with good promise of success.
- The house of gain will be much energized with many positive influences.
- Business is basically not suitable for you but this year will favor business too but a job will continue to be the better option.
- If you are not working in any job, you will have significant chance of landing a satisfying position.
- If you are already working, growth in position and forward movement in income from it will occur.
- Such possibility will be more during the first half of this year.
- Despite your seniority in age, you will perform quite well.
- You will leave good impression on all with your hard work and various abilities.
- But there will be a negative side too.
- Success in occupation may make you over confident and you may enter into frequent disagreements with seniors or the authorities.
- Thus significant opposition from them will ensue and you may see some slow down in your progress.

- Some degree of restriction and possible persecution too can occur and reduce your focus.
- Satisfaction at work will be of less than the desired degree.
- This is a time when you will need to act with tact and diplomacy for your own peace and benefit.

### **Finance:**

- A].
- Effects of transit of major planets on finance during 2014:
- Development and retention of wealth are much influenced by the transit of the slow moving planets, Saturn, Jupiter and Rahu.
- Their effects on your finance during 2014 will be as given below:
- Saturn acting on finance:
- Finance will basically develop quite well in this year but in varying degrees.
- Saturn will much support you for financial and other material gains especially till 02 Nov 2014.
- If handled properly it will also make up well for any difficulties that you might face later.
- Your income and accumulation can much develop this year and you may even purchase a property.
- Most of your efforts for developing your financial status will be successful and will bring significant gains and rewards.
- Overall income will rise and will bring very good returns from your investments provided you can avoid indiscreet expenses and speculative and other risky investments.
- Jupiter acting on finance:
- Jupiter will offer very good and very steady options for financial growth throughout the year.
- Income from all sources will increase.
- Savings too will be quite good.
- Investments will be positive and well chosen.
- But you will need to remain grounded and cautious and must not overdo anything so that you can maintain the speed of growth spread out well and uniformly throughout the year.
- The income from various sources and your current assets will grow in quite encouraging manner.
- Purchase of property will be quite possible.
- Overall benefit in the area of finance will be appreciable and you can keep a very good base ready for the coming years.
- However do not over spend or invest without due self control.
- Rahu acting on finance:
- Rahu during his transit though Libra will support your finance in various ways.
- He will augment the good effects of Saturn till 13 Jul 2014 and bring it to a very high degree.
- You will get new friends and through their support you will muster very good gains in the area of financial growth.
- You will get financial gains and many profits.
- You will be able to expand your business for definite growth.
- Overall financial condition will definitively improve.
- But remain alert about deceptive and parasitical friends as they can cause you debt through willful wrong advice.
- After 13 Jul 2014, Rahu will offer gain but after much harder efforts.
- Gain through or due to father, directly or otherwise, can occur at this stage.
- B].
- **Effects of main and sub periods on finance during 2016:**
- The ruling planetary periods [main and sub periods] also offer very important effects on finance.
- During 2014, you will pass through the main period of Saturn and the sub period of Moon followed by the sub period of Mars.

- Saturn is fairly auspicious but is very weak in your chart.
- His position in the 8th house from your ascendant will cause sudden fluctuations in any occupation or in any route of earning money while it will also cause continuous medical expenses.
- Since Saturn is the lord of wealth house placed in the 8th house, you will be endowed with much wealth but such wealth cannot be retained.
- Also as the 3rd house lord Saturn is placed in the 8th house, and so Saturn will not allow any occupation or way of earning money to run smoothly.
- Sub period lord Moon is the lord of 8th house, placed in career house from ascendant.
- Thus Moon will cause many impediments to all possible ways of earning money.
- Mars is quite inauspicious [only 15.6 units out of 60 units and a residential strength of only 6%].
- Thus none of the dasa lords favor this year 2016 in the area of financial growth.
- Any good event in finance related matters during 2016 will therefore basically depend on the auspiciousness and strength of the applicable transits of planets.
- C].

- The suitable areas of investment for promoting your finance during 2016 are:

    - This is recommended despite a much lesser dividend/profit rating, keeping in view the possible stringencies or fluctuations indicated in your horoscope.
