Overview of Wealth and Status during 2016:

As per your chart you will be under the influence of the major and sub-period of Mars from 5 December 2014 to 3 May 2016.

Moon is the ruling planet of the fifth and tenth house.

The fifth house is the house of education for a child, birth of children for a young person and spirituality in middle and old age. This house indicates worship of God. The fifth house represents the higher education, intelligence, emotions, karmas of previous life, change or break in professional life and Body Part: upper abdomen. This house basically covers matters related to your children, status and creative powers. This house represents loving relationships, love marriage, social networking, authorship, media studies and creativity.

The tenth house is the most important house of the horoscope because it is the house of one's profession, rise in career, government, honors, respect and the dignity achieved by the native. This house basically covers matters related to your career, your karma & the kind of deeds, your authority and name.

Mars is in the fifth house itself. Thus the major period of Mars will be favorable for the areas related to the fifth house.

This is a favorable period for you to work in academics/your field of choice. This could be your one moment to step away from the crowd and shine. Teaching, Publishing or promotional efforts can be especially persuasive. If you are involved in higher education and creativity, you are likely to find that you are more focused and determined. You might have opportunities to further your education, to travel, or to expand your reach in profession.

Jobs in academics and publishing will be favorable from December 2014 onwards. You can also start up your own school, coaching center, play school or computer related business.
