Understanding Planetary Conjunction:

- Your birth chart reflects the arrangement of 9 planets around 12 houses, as recorded at the time, place & date of your birth. However the planets continue to move or transit in their orbit around Sun casting different affects at all times on the planetary configuration of your birth chart.

-
- The promise of a chart is delivered when while transiting 2 or planets get arranged in a specific location in your horoscope. When that happens, their resultant effect can make an ordinary looking chart deliver highly benefic & powerful results during that period itself.
 - When 2 or more planets come together or conjunct in a horoscope, during their transiting motion, the effects are greatly enhanced benefiting the native. This is what we commonly call as the effect of conjunction of 2 or more planets in transit.

How a 4 Planet Cluster would form in Leo in your Horoscope:
