

Dear ABC,

Thanks for choosing <http://www.indastro.com/>

We have been providing astrology consultation and advice on true Vedic principles on the internet since 2000 and serviced over a million customers with our free and premium services. As per your requirement, we have prepared D9 Navamsa report with 10 years Scan

Why use the Navamsa chart:

- A Navamsa Chart throws up many deeply hidden but highly significant planetary combinations & results that are not apparent with a straight study of your birth chart from Sun sign or Moon sign or star sign or ascending sign etc.
- This is due to the fact that Sun takes 30 days to traverse a zodiac sign while Moon takes about 2.5 days, a star takes about 24 hours and an ascendant takes about 2 hours while a Navamsa takes only 13 to 15 minutes.
- Thus in a D_9 chart, the reference point becomes very precise and helps bring out very accurate forecast for an individual.
- This method is especially suitable for matters of relationship, marriage and marital life.

Description of your life partner based on your birth chart D_1:

- Your spouse or partner will be from a wealthy family but quite ill-tempered on many occasions.
- He will be respected and renowned, and also fairly good looking, and truthful, religious, honest charitable and intelligent.
- He will be quite steady and reliable in love.
- But his steadfastness to you may oscillate and cause dissatisfaction.
- He will be quite ill tempered in general.
- You may not find him to be sufficiently satisfying as per your expectations.

- In sex life he will be quite passionate,
- He will have very good conduct and quite stable in love and relationship.
- He will be very lucky for you for financial gains after marriage with you.
- He will be quite warm, calm but restless, ambitious, of refined taste, impartial and quite modest.
- He may be a business or in a job dealing with trading.
- He will do very well in his career irrespective of his specific area of operation.
- He will have a weak constitution and poor immunity and will fall sick on several occasions during your marital life.
- His ailments will be related to urinary system and his vision system.
- Differences in marital life and associated difficulties can occur occasionally.
- He will be quite well disposed to you and will take good care of you but he will do everything in somewhat overriding manner but she can be very easily turned around with timely loving talk and tenderness.
- Basically he will have some sense of insecurity in HIS mind but will never REALIZE IT OR admit it.
- He will be amenable to right handling and will accept your suggestions if told with softness and love.
- Overall he will be able to give you a satisfying, comfortable and modestly happy life if you understand HIM right and accept HIS needs and ways and act accordingly.
- In case of any possible remarriage, your spouse may not be very stable in his affections to you and as such you will need to handle this status intelligently according to the level of his attitude.
- With appropriate care and support from your side, you can get more cooperation, affection and satisfaction from him.

Assessment of your D9 Chart - to check the physical & mental attributes of your partner, your sexual orientation, general luck in such matters:

- Physical and mental attributes of spouse/partner:
- Since the ascendant Virgo in your D9 chart gets twin evil aspects from Saturn and Mars, your marital life may face some strong challenges and you will need to be determined to sort this out by your own efforts and keep all events within your control and best judgment.
- Since Jupiter, the lord of 7th house from your ascendant Virgo in your D9 chart, is placed in the 9th house in Taurus, your spouse will be of average health, and good natured and religious, well disposed to you and will prosper in foreign land.
- But conjunction of Jupiter with Rahu in his exaltation sign, will adversely affect Jupiter and will reduce/affect many of the good effects of his nature, attitude and his life.
- He may tend to veer to occasional diversion away from marital responsibility and bindings.
- His health too can be quite affected at times.
- This weakness of health can affect her overall marital peace and also his active involvement in sex life in marriage and may disappoint you at times.
- He will have strong sexual desires that he may hesitate to express properly but your intelligent understanding and action can keep both of you reasonably happy.
- He will be basically homely yet fond of outdoor and social life but this can be restricted by his health issues.
- Location of Saturn in the 4th house from ascendant and in the Moon sign will at times adversely affect his priorities, tastes, judgment, temperament and intelligence and can affect the quality of marital life.
- Thus inappropriate and even warped analysis of things, events and people by him and actions taken by him based on these trends can disturb you in some ways.

- Also financial disturbance can develop while differences of viewpoints can affect sex life indirectly.
- He will have digestive issues and some weakness of generative system.
- Also Venus Saturn and bound by Mars and Rahu-Jupiter combination can cause disturbing effects in sex life, childbirth and general bonding and family happiness.
- On one side he will be much desirous of active and frequent sex life but on the other side he will restrict himself thinking that you may not like it.
- This may lead you to doubting his love for you or possibility of his getting attracted to any other female.
- Such thoughts must be avoided since this will be fundamentally wrong, since basically he will remain entirely faithful to you and focused on you while your doubts can lead him to think negatively about you.
- At the same time location of Saturn on your 4th house from ascendant and over Moon, can cause much adverse effects in your marital equation and try to develop a distance between you two.
- If not handled in mature and fair manner this will make mutual attractions short lived.
- This can cause lack of sustained warmth in any relationship, in marriage or otherwise.
- But he will be quite practical and realistic and hence the matter will generally remain under control yet he may suffer silently.
- Despite all these, the very positive aspect of Jupiter on your ascendant in D_9 chart and also on 7thhouse in D1 chart together will keep your marital equation quite within very safe and enjoyable limits.
- However physical love with you may occasionally lack in keenness and this may lead to doubts leading to conflicts at a later stage.
- But the status will be partially modified and improved by the benign influence of Jupiter in both D1 and D9 charts, as mentioned above.

- Your own sexual orientation and general luck in such matters:
- In your birth chart D1, you have your Venus in the 2nd house from ascendant Aries and in 11th house from Moon and under aspect of Rahu.
- Thus you will you will have strong sexuality with unstable and changeable affection, will love to enjoy with men and will have much tendency for various indulgences in expensive manners.
- You will possess strong emotional and sexual leanings, and will be prone to instant attraction that may or may not last.
- You will have more than one association and this can cause major issues.
- Due to her ownership of 7th house Libra, Venus will give you traits that will make you much charming and loveable.
- Thus you will be liked by members of the opposite sex but such strong response will be absent in your spouse.
- Saturn square Mars (self) and Saturn in 6:8 locations from Venus (spouse) will see to it that your attraction for spouse and also desire for sex with him will not be always assured and can vary suddenly.
- But due to sextile position between ascendant lord Mars and the 7th house lord Venus, marital life will remain generally stable and peaceful despite the above mentioned afflictions.
- However aspect of Saturn on Sun in birth chart and location of Moon with Saturn and Sun in Saturn's sign in D9 chart, marriage is likely to be quite delayed.
- In D9 chart, Venus in Pisces, will make you weak in principles and cause much sexual urge and thus restless and impatient for sexual enjoyments and for marriage.
- You will be able to attract several men to you.
- Yet aspect of Rahu on Venus in D1 chart and Saturn square Venus in D9 chart, will make you inclined to stray to/move across to other associations.
- Thus you may not get a timely marriage or sufficient satisfaction through your marriage.

- Due to Mars being placed at the center of the nodal axis in D9 chart, you will take to extremes while Moon conjunct Ketu in D1 chart and Moon conjunct Saturn in D9 chart, will make you emotionally unstable about such enjoyments.
- All these will make your interest in and luck for sustained involvement in love or sex, fluctuate frequently and you may fail to handle your marriage [and also other areas of life] in the right manner.
- Due to square positions between Venus and Saturn in D9 chart, you may have an insatiate sex life and some discords in marital life.
- You may act in cold manner to your partner or spouse and this can easily lead to doubts and misunderstandings.
- You may not always like to fulfil the needs and demands of your spouse or partner.
- You will need to keep in mind that you will require to keep your spouse or partner fully and consistently satisfied in a convincing manner.
- This is very important since you may often have mood swings about sex life or even when just being together.
- Since your Jupiter, the significator of marriage, aspects your ascendant in D_9 chart, you will be able to maintain balance within relationships and keep them from going out of hand.
- Your spouse will provide you with generally consistent and also deep and real enjoyments in love and can take the overall status to a higher degree.
- Your overall luck in marital or other relationship with any male can be quite exciting, vigorous and enjoyable but there will be some cold or detached periods too.
- To keep the positivity on a higher and consistent tone, you can use your fineness of taste, sensitivity, fairness, intelligence and determination to maintain stability and happiness through various adjustments.

Predictions for the period till 28 Feb 2037:

- In birth chart, Venus gets adverse aspect of Rahu from a sign of Saturn.
- In D9 chart Venus is square to Saturn.
- In D1 chart, Sun gets aspect of Saturn while in D9 chart Sun is in Saturn's sign.
- In D1 chart, Moon is with Ketu, while Saturn, the lord of 7th house from Moon is in the 6th house from Moon.
- In D9 chart, Moon is conjunct with Saturn.
- Thus all of the planets (Venus, Sun and Moon) that determine time of marriage, are afflicted by Saturn.
- Also in D1 chart, Moon, lord of Moon sign, and Saturn, lord of 7th house from Moon are in mutually 6:8 locations.
- Further in D9 chart, ascendant lord Mercury and 7th house lord Jupiter in mutual 6:8 locations.
- Moon sign lord Jupiter is in 6:8 locations from 7th house lord Mercury.
- Thus significant delay in marriage is quite expected.
- In case you are not married yet, you may have a modest chance for getting married during the second half of 2021 (more probable is May 2021 to Apr 2022) but none of these can be assured since there are too many afflictions to the area of getting married.
- Irrespective of actual time of marriage, the following readings for marital life will apply.
- The next ten years [till 31 Dec 2027] are ruled by the main period of Venus (till 16 Jul 2030).
- During this main period, the sub periods of Rahu, Jupiter, Saturn and Mercury will operate.
- All these five planets are variously much afflicted as given below.
- Venus, despite being strong, is afflicted as given above.

- Rahu is very ill placed in the 7th house from Moon.
- Rahu adversely aspects Venus, the lord of 7th house from ascendant and the 5th house from Venus.
- In D9 chart, Rahu aspects ascendant.
- Jupiter, is very weak and inauspicious.
- In D1 chart, Jupiter gets adverse aspects from Saturn and from Mars.
- In D9 chart Jupiter is conjunct with Rahu and gets adverse aspect of Mars.
- Saturn, is the star lord of Ketu, very negative in D1 chart.
- In D1 chart, Saturn is opposite Sun and Jupiter.
- Saturn, as 7th house lord from Moon is placed in the 6th house.
- In D9 chart, Saturn is ill placed in the 4th house from ascendant and conjunct with Moon and in 6:8 locations from 7th house lord Jupiter.
- Mercury gets adverse aspects from Mars and Saturn in D1 chart.
- In D9 chart, Mercury is in 6:8 locations from his dispositor planet Venus, in the house of family life from ascendant.
- Thus the main and sub period lords cannot not promote or protect your love life or marital life and much will depend on your wisdom, self-control, patience, fairness, judgment, priorities, efforts, cooperation and adjustments.
- Yet together all of them can offer only minor opportunities for love or relationship and marriage, provided you can keep taking right actions at the right time.

Till 25 Jan 2020:

- Marriage, if not yet married, is not expected during period from now till 25 Jan 2020.
- If already married, due to transit Saturn in 6:8 locations from Venus in D_1 and square Venus D_9 chart, marital life cannot be smooth and cannot progress without hindrance.

- There will be several differences and lack of warmth between you and your spouse at this stage.
- Further health of both of you will not be much energetic and both of these reasons will obstruct your sex life.
- In D1 chart, due to mutual aspect between transit Saturn and natal Sun, lord of love house from ascendant, there will be frequent disagreements, arguments and even quarrels.
- You will not cooperate with each other.
- Domestic happiness will remain quite disturbed and mutual attraction will be below par.
- Love and affection will be clearly missing and each one of you will be prone to find faults with the other.
- Arguments can aggressively progress to a level of direct quarrel.
- Mutual acrimony will be frequent.
- Sex life will be nearly absent and in some situations when you try to have sex, your spouse/partner will have chance to either fail to perform adequately or you may choose to give up midway.
- Such actions will actually aggravate the status further.
- Some degree of advance preparation, adjustment and flexibility will be essential.
- Otherwise there can be a tendency to venture beyond the marital boundaries though this too will not be successful.

25 Jan 2020 to 30 Apr 2022:

- This is a comparatively better period for love, sex and for getting married.
- Transit Saturn will be better placed in his own sign and in the 7th house of marriage.
- During 2020 to 2021 transit Jupiter will be frequently debilitated and hence he cannot firmly offer any support to getting married or to betterment of marital life.

- During 2021 to 2022 Transit Jupiter will be in Aquarius and thus will aspect the 7th house from ascendant in D1 chart, very favorably, while support of transit Saturn will continue.
- Thus marriage during this time (May 2021 to Apr 2022) can be possible, while you will need to try aggressively from after middle of 2020.
- However this period will not be very easy for marital life and success in it.
- Though marriage can be possible but development of real love along with mutual respect and honor may not develop without much effort from both sides and thus you will need to do your part of adjustments and acts of tolerance.
- Demands on you from spouse and also for overall family welfare will appear too high for you and you may not be ready to shoulder these.
- The tendency for finding faults with each other, arising out of rigidity and ego clash and territorial fights over familial duties will be rampant.
- All these differences will much affect marital peace and sex life.
- On the whole you will not find any easy way out of this and must reconsider your posture and change it where necessary and for this to happen you must resort to mutual dialogue to sort things out logically.
- Otherwise a situation will develop when you will see each of you thinking negatively of the other and blaming the other for the obstructions to free flow of love between you.
- Such way of handling your marriage, year after year, will do you no good.
- Both of you will need to sit down and talk things out frankly and patiently.
- Otherwise your conjugal life will not get better or get going.
- This period is by far the best (since the next period will be more challenging) when your efforts for peace and cooperation will have maximum chance of success.
- Take care accordingly

01 May 2022 to 30 Mar 2025:

- This will be a much tougher time with transit Saturn being in Aquarius in the 8th house from natal Moon (Astama Sani – very negative).
- This period will offer no cooperation from one to the other and vice versa.
- Mutual demands and even acrimony will rise very fast and thick.
- There will also be major issues in career and finance and also other related matters that will exacerbate the situation.
- It will be extremely difficult to handle all these together and yet become successful in putting your marriage on the rails.
- Mutual relationship will be, at the best, very hard and cold.
- You will be living together under the same roof but as inimical strangers.
- You will need to act before you may reach a point of no return.
- Thus it is better on your part to invite a dialogue and be frank but yet not blame the other.
- Stay calm, attentive, receptive and compromising, and strictly avoid taking any evasive action.
- Being true to the purpose of the dialogue will only help you.
- If you do not act now you may not get another suitable period.
- This is a wakeup call and you must respond to this.
- A purposeful discussion can give you some opportunities for improving your conjugal life, though quite opposite inclinations too will be there.
- It will depend on you which path and towards to which direction you choose to move.

31 Mar 2025 to 31 Dec 2027:

- This is a real dicey period in both birth chart and Navamsa chart.
- In birth chart, transit Saturn will be in Pisces now in the 9th house of litigation.
- Transit Saturn will move over natal Mars and square to natal Sun, Mercury, Jupiter and Saturn.
- Thus differences will peak and logic will take a nose dive while you will be prone to make serious mistakes in relation to your marital life, possibly by remaining in touch with other men.
- In Navamsa chart, transit Saturn will be in the 7th house of marriage from ascendant and in the 10th house of actions from Moon, and will move over natal Venus, and square to natal Saturn and Moon.
- You will face many occasions of emotional instability that you may not understand well and hence you cannot get rid of it.
- Your mind will remain highly disturbed and you may be inclined to try and find some solace outside your marriage and while such action will certainly fail, they will add fuel to the fire and can easily graduate into litigation.
- Take much care of this period.
- There will be very significant demand for money on you from all directions including on medical expenses for self and also spouse.
- You will have to spend a lot of money but at the end of all these there will not be any benefit.
- You will need to look inwards, introspect and sit down with your spouse to discover what action you can take.
- Both of you will need to put your mind into this and make necessary corrections and adjustments.

Blessings,

Pt.Punarvasu
