1.

Factors influencing career in the birth chart:

Any horoscope is judged mainly from the ascendant and the Moon sign.

Strength of ascendant and Moon sign and of their lords are very important.

Career is evaluated with respect to these reference points.

Since career is represented by the 10th house [more precisely the point 300 degrees away from any reference point], we need to assess the 10th house from the reference points.

The strength of the lord of career house from ascendant and from Moon will be equally important and must be checked for their contribution.

The overall strength or weakness of the career houses will be influenced by the strength of their lords and also by other planets through their relative positions and also by their aspects on important areas.

All these effects will be seen with respect to the applicable planetary periods [main and sub periods] and also the transits that are applicable at any given time.

Mutual relation between various transits and yoga-s present in a horoscope are also taken into consideration.

2.

A basic assessment of the D 10 chart & strength of the birth chart career factors in D 10 chart:

A.

The planets' strength in 10th house with secondary clues from planets in 6th and 7th house:

Your ascendant in birth chart D\_1 is Cancer.

Moon, the lord of ascendant, is quite strong.

Location of Jupiter in the 10th house from Moon causes Amala Yoga and fortifies the Moon.

Mercury and Sun occupy the ascendant and forms Budhaditya yoga.

This is very positive, especially in the ascendant.

Mars, the lord of career house from ascendant and lord of Moon sign, is yoga Karaka for Cancer ascendant [very positive] and is well placed in the 9th house of fortune [very positive].

Mars is strong and has high digbala [very positive and active].

However Mars is placed at the center of the nodal axis and is in mutual aspect with Saturn [mixed effects are possible].

In your birth chart the 10th house will contribute much more to career advancement as compared to the 6th house or 7th houses [since 6th house lord Jupiter is weak in the 7th house].

Your Moon sign is Aries and the positivity of Mars, the lord of Moon sign, will be effective as given above.

Saturn, the lord of career house from Moon, is not strong but improves in the D\_10 career chart.

B.

The planets aspecting the 10th house:

The 10th house from ascendant of birth chart D\_1 does not get any aspects from other planets.

The 10th house from Moon gets very positive aspect of Sun-Mercury combination [Budhaditya yoga] that adds precision energy to the 10th house of career and various activities related to it.

C.

The D\_10 Chart:

Leo is your ascendant in D\_10 chart while its lord, Sun is placed in the career house [very positive].

Moon too is well placed in Libra.

Saturn and Mars, the lords of the 10th house from ascendant and from Moon in D\_1 chart, are placed together in D\_10 chart and makes you very focused and firm in your work standards and they also enjoy the aspect of Jupiter, the planet of growth.

Main period lord Rahu in the 9th house of D\_10 chart will support working for or with foreigners but will demand alertness for avoiding legal problems related to work.

Sub period lord, Ketu, in the 3rd house of D\_10 chart, will encourage increase in income while the next sub period lord Venus will promote positive communication at work and also in accumulation of money.

3.

Best career path to follow as per D 10 chart:

Employment career will be the most suitable, stable and growth oriented for you.

You can get many opportunities in this type of career.

Business or self employment may not be much beneficial though you have the ability to work well in these areas but may miss out on suitable opportunities or overall luck.

4.

Industries & types of profession suitable as per D 10 chart:

Areas related to leadership roles, hospitality industry, facility services industry, water transport, medicine and all allied areas, health care services industry, pharmaceutical industry, mechanical engineering or production industry, chemicals industry, fertilizer industry, armed forces or police department and also performing arts.

5.

Predictions for next two years:

The years 2016-2018 [till 15 Jul 2018] will offer mixed results that will keep getting better in steps over the period.

To give this positive trend a higher tone, you should take full advantage of various yoga-s [Amala yoga, Budhaditya yoga] present in your birth chart.

The current main period lord Rahu [rules till 23 Dec 2023] is very well placed in the 6th house from ascendant in birth chart D\_1 and in the 9th house from ascendant in D\_10 career chart. Due to this position of Rahu, you will be easily able to defeat your enemies, cross the hurdles and achieve success under all conditions.

You will also gain through the support of foreigners.

Such positive trends will be further enhanced by your sharp and disciplined mindset [Budhaditya yoga].

Current sub period lord Ketu [rules till 11 Jul 2017] is followed by sub period of Venus till the end of two years and beyond.

Ketu in Libra in the 3rd house from ascendant in D\_10 chart will support inflow of more income through honest hard work.

Venus is the lord of career house from ascendant in your D\_10 chart and is very well placed in the 2nd house of wealth.

Thus the main or sub period lords are quite favorable in D\_10 chart and can protect or promote your career by their contribution.

However you will need to utilize all available opportunities with full fervor.

The transit chart too is quite favorable while transit Jupiter is more favorable than transit Saturn.

Transit Saturn may not much help till 27 Oct 2017 but thereafter his support will be very positive and effective.

Transit Jupiter will help your career throughout till the end of these two years and also beyond.

Put together you are much expected to get good hikes in pay or change of role with more pay till Oct 2017 and a very good change of job after this date.

This improvement will be perceived by you from after 11 Aug 2016 when you can get much better pay with or without a change of role or job.

However it is possible that such progress will actually spill over to 2017.

During 2018, you will get very good change in role or a new job of much higher level.

Yet at work you will need to be very careful about your observation and judgment about all matters and people.

Minor mistakes at work may be possible till 27 Oct 2017 and you may have cold relationship with seniors [transit Saturn opposite natal Sun in D\_10 career chart] but all these will pass. You will need to pay more attention to communication to avoid needless misunderstandings due to inappropriate or incomplete or untimely communication.

6.

Remedies - if any, considering the D 10 chart:

Pray to Sun God in the morning and offer water.

Avoid non vegetarian food on Saturdays.

Donate to orphanages, whenever possible.

7)

Suggestions for improvement in your career based on your D\_10 chart:

Your natural intelligence and proficiency in work in any area are good.

But you may not get the full benefit of these if you do not develop more self control, improve your judgment and communication and avoid disagreements with superiors and sudden bouts of anger.

Any possible aggressiveness towards your seniors at work must be curtailed.

Otherwise your ego and anger will continue to affect your patience too easily and will also disturb your physical vitality that is necessary for sustained hard work and good performance. Your attitude will cause many controversies, displeasures of superiors and others, and will also cause many obstructions in your progress.

You will need to strike a balance between what you prefer to do and what needs to be done for your benefit in career and other areas of life.

This is very important and even crucial since you may also have an inclination to stick to one extreme or the other of any matter or issue and may not be ready to be on the middle of the road.

This tendency will create many very difficult situations for you and too much enmity and unpopularity will be generated.

You will do well to accept others' views and opinions too, based on merit or not based on ego. Also most events in your career will occur and move in a predestined manner and you will not have any control over them.

Your efforts to stop them or to change them will bring doubly negative results.

You will need to go by these events as they come.

Cooperate willingly to get cooperation.

Take regular small breaks in your work or your health can be affected and will thus slow down your overall progress.

8)

Things to avoid for success in career:

Avoid hasty judgment, speech and action.

Do not go for any arguments with seniors.

Do not expect your own views, opinions, way of working or your own priorities will be accepted by your seniors or your team members or subordinates as this will not happen normally.

Expecting less through career will give you energy and positivity as your efforts will have more chances to be successful.

But while trying to achieve the above, you must avoid all varieties of controversies at all times.

Maintain high work ethics, stay organized, grounded and disciplined in your work and maintain high standards of obedience to seniors and professional integrity.

Focus only on real hard work and nothing else.

Maintain decent thinking and precise and honest communication.

Sincere hard work should be your target and should also be your bench mark.
