1.

Effects of Dharam Karma Yoga:

Simply spoken, the effects of this yoga are much fortune and success obtained through right and honorable actions.

Dharma Karmadhipati yoga arises when the lords of the 9th and the 10th houses counted from the ascendant or the Chandra-lagna (Moon sign), [whichever is stronger], establish a sambandha (mutual relationship) preferably in a Kendra [angle] or a trikonasthana [trine] house.

This is a very auspicious yoga or combination of planets.

The 9th house signifies Purvapunya [past good deeds], Dharma [righteousness] and Bhagya [good fortune], which are all auspicious significations.

The 10th house, known as Kirtisthana [house of good activities] and the Rajyabhava [house of high status] is the Karmabhava or the Karmasthana [house of all actions].

In general the 10th house refers to occupation, profession or means of livelihood, temporal honors, foreign travels, self-respect, knowledge and dignity.

But without luck, much success is not possible through hard work alone and there comes in the 9th house.

To form a really active yoga, each of these planets must have sufficient strength and auspiciousness and be free from afflictions.

Joined together in right manners these two planets can bestow immense success and gain but right and honorable actions at work will be required.

2.

How the yoga forms & which houses are involved in your birth chart during its formation:

Individually positive and mutually beneficial relationship between the lords of the 9th and 10th houses causes this yoga in a birth chart.

The specific degree and type of gains enjoyed by a person will depend on the houses involved in the formation of the yoga.

In your birth chart, your ascendant is Aquarius.

Venus, the lord of the 9th house [Libra] from ascendant Aquarius is conjunct with Mars, the lord of 10th house [Scorpio] from ascendant and forms the Dharam-Karma yoga.

These yoga planets are not blemished with association of any malefic planet but it is having conjunction with 6th lord Moon which reduce positive influence of this yoga and unable to give bless freely as per expected.

Further, Mars [the lord of profession house] very positively aspect with natal Moon and which would be supportive to reach at higher authorities which would be strengthen and encouraging position & powers in working life.

At the same time the above yoga karak planet both are being tenanted in the constellation of Moon which would be gainful for growth and this confirms and boosts the effects of the yoga even more.

Together the yoga planets are placed in Taurus, the 4th house [stability & security house] from ascendant and the 1st house [of personality & approach] from Moon.

These houses relate well with the basic purpose of the yoga by achieving success in career through good fortune and personal initiative and hard efforts.

3.

Principles on which Dharam Karma operates :

Besides conjunction between the yoga planets in a good house [the best form of this yoga], there are other relationships also that can cause this yoga and may give encouraging effects.

The other relationships are of four kinds:

These are mutual exchange of signs, or mutual aspect, or when one planet aspects the other planet but in turn is not aspected by the other planet, or when the planets occupy mutual angles or trine positions.

There is still another form of this yoga, where the other house owned by the yoga planets [excludes Sun, Moon, and the nodes] is not a good house.

But all these five forms of this yoga will offer lesser results in decreasing order of merit.

Also to produce really effective results the yoga planets should form an immediate relationship with the ascendant which is possible by occupying or aspecting the ascendant or by associating with the lord of the ascendant without being afflicted by malefic planets or by the lords of the 6th, 8th and 12th houses from ascendant.

4.

How to best utilize Dharam Karma for success:

It is always the best, to NOT depend on any good yoga but to utilize its supports for maximum benefit.

This will imply that you must work very hard to earn better and hold on to the money that you earn, while you stay on the right path always to achieve good success in life.

Your natural intelligence and proficiency in any area of life is of high order.

In order to get the full benefit of your Yoga, you will need to develop more self control and avoid sudden emotive actions in earning or spending [the Nodes are having a square aspect to the conjunction of Mars-Venus].

Any possible inclination for restlessness to reach your ambitions should be avoided with care.

Otherwise this may affect your attitude about various actions and also your financial balance too easily and can even disturb your physical vitality that is necessary for sustained earning and holding more money.

You will also often find that at certain times you have some mental instability or emotional imbalance along with weakness of health [Ascendant lord Saturn is placed at his debilitated sign along with having retrogression].

Such unevenness of feelings and thoughts can adversely affect your observation, perception, interpretation, speech and action in all matters or events of life.

This emotional imbalance has to be removed by your own free will or at least reduced to the extent possible.

Otherwise these can bring you to face a wall and your desires and ambitions can be strongly opposed as you may lose your opportunities for growth through displeasures of seniors and also lose your hard earned money through inimical actions of your opportunistic associates.

Career and hence income will be the areas that can be most affected if you are not in full control of yourself at the right time.

Therefore your reactions need to be willfully moderated wherever and whenever possible.

Only ethical and above board actions will give you good results.

Cooperate to get cooperation and always follow the path of give and take, tolerance, obedience and discipline.

Very strictly shun investing in speculative areas and keep your social life away from your money.

5.

Remedies:

The following remedies can help in triggering and supporting the yoga effects:

Chant "Om Sam Sanicharaya Namah" as frequently as possible, the more the better.

Even silent chanting will do.

Avoid any wrong or unworthy or unfair action.

Stay grounded always.

Avoid shortcuts and optimizations.

6.

Times in life when Dharam Karma effects would manifest:

Any yoga will operate during the main or sub periods of the yoga planets.

Thus in your case the main or sub period of Venus and Mars will give the good results of the yoga.
