Results of the Conjunction/Fusion:

- Conjunction or fusion between two planets in a sign, mixes the individual natures and effects of the planets with each other and with the sign where they are placed and further alters the effects with respect to the house they occupy within the horoscope.
- These effects get further enlarged in degree and scope of effects if the fusion occurs in the important divisional charts also. In your birth chart, you have the very important fusion between Mars and Jupiter (also called Guru-Mangal Yoga) while this fusion is seen only in birth chart and not in divisional charts.
- Jupiter is the planet of wisdom to grow.

- Mars, is the source of raw power, initiative and courage needed for success.
- When these two very important yet different sources of power namely Jupiter and Mars combine/fuse in a horoscope, their resultant energy grants much greater focus, sharp intellect and assertiveness-a powerful success formula and the reason behind the so called super-drive and ability to make riches even from a humble beginning.
- However the effects of any fusion can be influenced and modified, either way, by the actions of other planets or of combinations of other planets in the birth chart.

Special talents & traits that are present due to this conjunction:

- By Vedic definition, this yoga can bless you with strong constitution, good health, wealth, and getting income from various sources while you can be in a leadership role like the head of a city or an institution or industry or even of a project, depending on the strength of the overall horoscope and this yoga.
- Since your ascendant is Sagittarius, you will naturally have an active fiery, semi fruitful and masculine trait while Jupiter, as the lord of your ascendant denotes many good qualities and varied abilities, a quick and high leaning ability and execution of such learning.
- Besides being the lord of ascendant, Jupiter is also the lord of the 4th house of hard assets. Mars is the lord of the 5th house (of judgment, creativity and investments) from ascendant and is also the lord of the 12th house of life abroad.
- This conjunction can give powerful results for your ascendant and may be able to take you abroad and get you properties there.
- The above possibilities will of course be modified by the overall trend of the horoscope and the planetary periods that rules the next five years.

Periods in life when these effects would be felt:
