

Career Report with Adhi Yoga

Dear ABC,

THANKS FOR CHOOSING <http://www.indastro.com/>

We have been providing astrology consultation and advice on true vedic principles on the internet since 2000 and serviced over a million customers with our free and premium services. We have prepared **Career Report with Adhi Yoga_2yr_Readings:**

1)

What is Adhi Yoga?

If benefic planets [Jupiter, Venus and well associated Mercury] are situated in the 6th, 7th and 8th houses from Moon, the combination goes under the name of Adhi Yoga.

Even if these planets are present in two of these houses or even in only one house [instead of being in the three houses as mentioned above], Adhi Yoga is still valid but to a reduced degree.

With Adhi yoga, the person will be polite and trust worthy, will have an enjoyable and happy life, surrounded by luxuries and affluence, will defeat competition and will be healthy and live a long life.

2)

Whether this Yoga appears in your natal chart:

In your birth chart, only Jupiter is posited in the 6th house from Moon while the 7th or 8th houses from Moon are occupied by strong malefics.

Hence Adhi Yoga is not present in your birth chart.

3)

When is Adhi Yoga formed in transit?

Adhi yoga can also be formed when the above defined conditions are met in full during transit of planets and this can give similar good effects but such effects may be slightly lesser in degree and will be effective during the currency of the applicable transit.

Adhi Yoga effects are also possible to a reduced degree and extent when transit Mercury, Venus and Jupiter, form a chain within your chart [when not placed in 6th, 7th and 8th houses from Moon] but remain in strength or in good signs.

In your birth chart these three planets will form an auspicious chain in transit during the period from 2nd May 2015 to 17 Nov 2015 [starting with Taurus, Gemini, Cancer and ending with Leo, Virgo and Libra] and will thus offer some of the very good effects of Adhi Yoga.

4)

Benefit for you?

Due to the favorable transits of Mercury, Venus and Jupiter you will get the following effects.

Your power of concentration will increase and you will be more and more practical.

Your mind will act in logical and versatile manner.

You will be quite articulate and your memory will be more retentive.

Though highly analytical, your mind will always act in quite rational manner.

It will become more and more sharp and active and capable of weighing the pros and cons of any matter and of taking balanced decisions.

You will learn new things and will use them to your advantage.

You will maintain a strong sense of family while your powers to function in a leadership role will improve and will bring you into lime light through newer and better opportunities.

All these will open the gates to growth and you will need to use the time for your gain in a more focused way.

5)

Whether business, profession or employment is suitable?

Your horoscope does not bestow you with the necessary luck for continued or meaningful success in business or in independent profession.

You may have strong interest for business etc and also the capacity for pursuing these lines of occupation but you can lose much in the absence of luck for success in these areas.

Employment career will be the only suitable route for you to earn money.

6)

Industries /Areas suitable for your success:

You have expertise in many fields and thus your options for a better career will be proportionately more.

Areas related to advisory roles, leadership roles, accountancy, teaching, legal profession, medicine and all areas allied to it, health care services industry, hospital management, pharmaceutical industry, hospital supplies industry, diagnostic services industry, paramedical services industry, chemical industry, fertilizers and manures industry, and Martian services like police department or the armed forces.

7)

Suggestions for improvement in your career:

Your natural intelligence is of high order but your proficiency in work may not be so.

You may not get the full benefit of your intelligence or hard work if you do not develop more self control and avoid sudden anger and attitude issues with people at work place.

The basic aggressive or combative trend of your nature must be curtailed if not entirely avoided.

Otherwise this will continue to affect your patience too easily and will ruin your professional image and will also disturb your physical vitality that is necessary for sustained hard work and good performance.

You will often find that you have no energy left when you have a lot to do but may have plenty of energy when you do not need so much.

You will need to strike a balance between these two extremes.

Also many events in career will occur in a destined manner and you will not have any control over them.

Here your own views or plans will not work out or be accepted by others.

You will do well to accept this situation as they are since any opposition or obstruction from your side to such events will bring doubly negative results.

You will also need to improve your professional communication to let others see in better color.

Cooperate to get cooperation.

8)

Things to avoid for success in career:

Avoid hasty speech and action.

Do not go for any arguments with seniors.

Do not expect your level of commitment or hard work from your team members or subordinates as this will not happen.

Expecting less will give you more peace of mind and good health as frustration and anger will be avoided.

Avoid all varieties of controversies at all times.

9)

Forecast [for next two years till 30 Apr 2017]:

As per your horoscope 2015-2017 will be basically tough years for career and finance and this trend will continue till 27 Oct 2017.

Within this frame of things, you will need to take full advantage of Adhi yoga in transit.

The current main period lord Rahu is quite ill placed in your birth chart.

Rahu is located in 6:8 configurations from Venus who is the dispositor planet of Rahu.

Also Rahu is in the 7th house in your D_10 career chart indicating that there can be many undue demands on you at work and such responsibilities will be quite heavy and changing frequently.

The current sub period lord Mercury [till 05 Jul 2015] is very ill placed in Aries in the 6th position from Karaka Saturn and is also quite ineffective, weak and inauspicious.

The next sub period lord Ketu [ruling till 23 Jul 2016] is also quite ill placed in Aries with Moon despite giving you good power of intuition.

Ketu is also in 2:12 configurations with its dispositor planet Mars.

The next sub period lord Venus is exalted but 100% combust and is extremely inauspicious.

Thus the period lords covering the next two years will fail to give any adequate support or positive effects to protect and promote your career.

Transit Jupiter is and will remain highly well placed in the 4th house from Moon sign [positively aspecting the career house from Moon] till 14 Jul 2015 and then he will be in your fortune house and career house during the rest of these two years and will very actively promote your luck and welfare in all areas but especially in the areas of career and income through it.

On the flip side transit Saturn in the 8th house from ascendant will generate many stumbling blocks [exactly similar to Astama Sani from Moon – very negative] in your efforts for stability or progress in career.

Demands on you will become very high and more varied and changing frequently.

Thus on the whole stability in career is possible only through calm temperament and timely self control and good health.

Progress in position is not expected at any time during these two years and even any effort to change your job will not be successful or will not bring any extra benefit or any improvement in your situations.

However progress in income is quite likely during period after Jul 2015 and then again around the middle of 2016.

On the other hand if you are not working now and are looking for a position, you can get one during 2015-2016 and such job will give you decent pay too.

But to get the fresh job or to achieve the hikes in pay in current job, you will need to act and remain within the given suggestion.

Among these the most important point will be to remain very careful about your observations, perception, analysis and communication since failure in any of these areas can cause major issues.

Strictly avoid arguments and controversies with everyone.

Period till 27 Oct 2017 is basically a time for self protection and consolidation and should be used that way.
