B.

Suggestions on what to do and what not to do:

What you should do:

Independent hard work will be called for.

Your thinking to defeat others and to deal with every challenge will cost you much more.

Team work WILL BE the watch word.

Maintain balance for effective success.

You should control your expenses and various pleasures.

Take care against possible ear trouble.

Deal confrontations with wisdom to bring these to your advantage.

At work you must rise to the demands and expectations of your superiors.

If you do so you will be rewarded.
You should have firm [not rigid] views and must be very practical for appropriate gains.
Honor team work.

What you should NOT do:
Discords in live or in marriage can develop and you will need to avoid these.
Avoid getting under debts.
Avoid inclination to cheat others.
Do not avoid giving in when the action is truly positive.
But do not be influenced by unworthy people.
Do not neglect marital or love related discords.
Do not gamble or speculate or take any other risks in any matter as you will certainly lose in all of them.
Often you may behave compulsively and inappropriately and this will bring negative result and must be avoided.
Straining your health over much should be avoided.

C.
Specific astrological remedies to either reduce the bad effects or
to improve the good effects.

1.
Chant Om Durgaoi NamahaÂ as frequently as possible, the more the better.
Even silent chanting will do.
2.
Keep fast during evenings and nights of all Saturdays.
3.
Sleep with your head towards the South direction.
4.
Perform some social work or community service voluntarily.

4)
Other points you would do well to take note of:
You will go through a destined phase of time and none of your own plans or ideas will work out in any area of life,
especially in occupation.
You must move with the natural flow of events and must not go against them as otherwise you will face doubly
negative results.
Major obstructions arising out of serious conflicts with superiors and colleagues can lead to your loss and can
tempt or trigger you to be combative.
There will be many restrictions on you and you may not be allowed to use your freedom of taking independent
decisions.
But it is absolutely necessary to remain focused to work and avoid controversies.
Communication failure will be extremely prominent in all areas of life and there is much need to keep things
under your control.

Certain events will be too slow to progress and not move as per your desire and these will be often due to your wrong attitude.

All the above mentioned trends in your Destiny & Remedies Reading will be predicted for 2 years upon ordering the 2 years reading.

Best Regards,
