Dear ABC,

THANKS FOR CHOOSING <http://www.indastro.com/>

We have been providing astrology consultation and advice on true vedic principles on the internet since 2000 and serviced over a million customers with our free and premium services. We have prepared Luck Karma Report With 10 years report:

1.  
The strength of 3 tripods (1st house, 5th house & 9th house):

The ascendant [1st house], the fifth house [Purva Punya or accumulated Karma – good or bad Karma, accrued over the past births] and the 9th house from it [fortune and luck due to good karma during the present birth but also includes some effects of Karma of the last births] are the main houses that determine what benefits one enjoys or what sufferings one faces.

These houses are linked through mutually trine positions.

The strength and disposition of these houses gives a measure of the quantum and quality of the benefits or otherwise and ideally all the three should have high strength for better results.

In your birth chart, these houses have 7.03, 7.08 and 7.81 units of strength respectively.

Thus your Punya is quite better and supportive than Purvapunya, that's why all attainments and results would be depend on your karma due to lesser strength of Purvapunya.

2.  
Planets that influence the 3 tripods and the effects that would be felt on luck:

Mars, the lord of ascendant, is ill placed at his inimical sign of Gemini.

In spite of, it is also being tenanted in the constellation of Rahu along with square (inharmonious aspect) with natal Venus and Sun.

However sign lord Mercury is also placed in sign of Mars and indicating interchange of sign with Ascendant lord Mars, which would be important for your life perspectives and able to give opportunity through your positive initiation.

But due to fixed Ascendant, it may give approach of firmness and rigidity which may unsupportive to construct your planning and targets.

Jupiter is the lord of 5th house from ascendant, which is placed positively at friendly sign of Aries.

The Jupiter is also having close conjunction of Mercury (the planet of hopes, sources of income and unexpected changes) along with in 10th house from Moon sign.

However, both are having inimical relationship together but also natural benefic planet of your chart and also making Amala yoga in your chart which is strengthen perspectives of your life through own initiation.

It will also supportive to attain your expected things through support of your elders and seniors.

But you will have to avoid self-importance and arrogance due to having square aspect of Saturn too, which is placed in the house of fortune.

All issues would be solved through ground level efforts then it will convert into such beneficial results.

However, conjunction of Ketu and opposition of Rahu may give unexpected actions during deciding of important issue of life which may also create your opponents and hindrances in routine life.

The 9th house lord is Moon which is placed strongly in own sign.

But Moon is also having close conjunction with most malefic planet Saturn, which is cause of obstruction in fortune and delayed results of your hopes.

In spite of, Moon is making most inharmonious T-square in your chart in between Rahu & Ketu-Jupiter-Mercury. However close trine aspect with Venus and sunapha yoga by Mars is reinforcing abilities and opportunities in abroad but due to above unfavorable aspect satisfaction level will never in your range.

Criteria and leveling of happiness will be increasing time to time and makes you much ambitious but it may cause of mental stress.
