1.

The strength of 3 tripods (1st house, 5th house & 9th house):

The ascendant [1st house], the fifth house [Purva Punya or accumulated Karma – good or bad Karma, accrued over the past births] and the 9th house from it [fortune and luck due to good karma during the present birth but also includes some effects of Karma of the last births] are the main houses that determine what benefits one enjoys or what sufferings one faces.

These houses are linked through mutually trine positions.

The strength and disposition of these houses gives a measure of the quantum and quality of the benefits or otherwise and ideally all the three should have high strength for better results.

In your birth chart, these houses have 6.76, 9.10 and 5.71 units of strength respectively.

Thus your PurvaPunya is very high and supportive than your punya of present life, while the Punya acquired during the present birth is demanding consistent & serious efforts to make balance in life due to lesser position of it.

2.

Planets that influence the 3 tripods and the effects that would be felt on luck:

Venus, the lord of ascendant, is ill placed at his inimical sign of Leo.

It is also having close conjunction with 3rd the house of immediate environment, courage and efforts lord Moon and Ketu, which is giving attaining prosperity and happiness through your own efforts.

This planetary combination is strengthening your thought, vision and approach about life along with positive results.

But it is having close opposite aspect with male Rahu which is reducing positive influence of Venus and scatter your opportunities that' why it may also create condition of confusion, which would be troublesome for continued growth points.

However favorable aspect of Jupiter with Ascendant is also increasing your abilities and skills along with leading approach but sometimes you may incline for rash decisions, temper tantrums, and excesses. The desire to oversee the goings-on in their circle can sometimes amount to bossiness.

Mercury is the lord of 5th house from ascendant, which is well placed in own sign of Virgo.

With this, Mercury is also having lordship of 2nd the house wealth, possession and family along with having conjunction aspect with 4th lord Sun and income lord Jupiter.

The conjunction of Mercury-Sun is making two important yogas in your chart-Budhaaditya raj-yoga and Kendra-trikona raj yoga, which is strengthening your destiny and expected accomplishment.

However square aspect with most inharmonious planet Mars is reducing natural positive expression along with troubles in your attainments but not able to obstruct your path.

That's why it demands concerned approach in professional relationship, otherwise it may cause of trouble in your growth point of career.

You should maintain your self-esteem and recognition through consistent efforts & support of your seniors, then you will be able to give a right direction to your professional activities and relationship.

Thus the 5th house of PurvaPunya is auspiciously strengthened to a very high degree and is qualified to offer much positive luck and many useful opportunities to you and also success in your endeavors.

The 9th house lord is Saturn which is most precious planet of your chart due to having lordship of 10th the house of professional activities too but placed at his debilitated point in 12th the sign of Mars.

The debilitation of Saturn is unable to give better opportunity in your native place but its impacts will be increasing and convert into positive expression if you make your establishment ion abroad.

However trine aspect with Most inharmonious planet Mars is also affecting your fortune in present birth but it will get strengthen through trine aspect with Venus and Moon.

Due to this, your fortune is quite weak and each thing will be attained by you through your hard efforts & karma. Communication will also be very important and become base of your karma and consistent efforts.

Due to this, tension and pressure would be part of work which may create condition for communication gap or disagreement with working associates and dear friends.

Overall this would be supportive to reach at higher position of professional life along with availability of all happiness and pleasurable things.
