1.

Effects of MahaPurusha Yoga:

MahaPurusha Yoga is formed due to special locations of anyone of five specific planets in a horoscope and confers much greatness with various positive attributes.

The nature of these attributes depends on the specific planet causing the yoga, as each planet will activate and energize one specific Chakra [nerve center] of a person.

Mars renders much courage with combative power and skills, along with leadership quality.

Mercury renders strong intellect, intelligence, intuition and ability to earn through analytical power, communication and high power of speech.

Jupiter makes a person gain due to his wisdom, knowledge and fairness.

Venus gives a beautiful and strong body with the mind full of artistic intellect and much creative ability.

Saturn gives the power to tolerate many challenges in one's life and still win over the obstacles with tremendous determination, enterprise, patience, and tolerance.

Exceptional financial & professional progress & recognition comes to a person blessed with any form of this yoga.

2.

How the yoga forms & which house are involved in your birth chart in its formation:

Pancha Maha Purusha Yoga is caused when any one of the causative planets - Mercury, Mars, Venus, Jupiter and Saturn - is either exalted or placed in own sign, in a Kendra house from ascendant of the birth chart.

The Kendra [angle] or quadrant houses are 1, 4, 7, 10 positions from the ascendant.

In your birth chart your ascendant is Capricorn while Venus is placed in the 10th house of career from ascendant.

Thus one of the major Maha Purusha Yoga is formed.

This yoga of your chart is called Malavya yoga.

Malavya yoga can offer you good looks with good health, many opportunities for success, pleasure, enjoyments, luxuries, much fame and recognition in life through original creativity.

In addition to Malavya yoga, your Venus also forms a Kendra-Kona Yoga due to mutual aspect with Saturn [since Saturn is the lord of 9th and the 10th houses] and can bestow you with much success and wealth.

3.

Principles on which MahaPurusha Yoga operates:

The basis of this yoga is the inherent strength and positivity of a planet [due to his placement in own or exaltation sign] being used for promoting the ascendant arising from his defined location with respect to ascendant.

Ascendant of a horoscope is the person or self [Purusha] while a strong and auspicious planet [yoga planet] boosts the strength of the ascendant to a great degree and makes the person worthy of various exceptional skills, traits and good fortune.

In the process of promoting the Purusha, the yoga planet actually strengthens and activates a particular chakra or nerve center as ordained by the specific planet forming the yoga.

In your case Anahata Chakra will be energized.

4.

How to best utilize MahaPurusha Yoga for success:

The basic premise of any MahaPurusha yoga is to make way for growth and satisfaction of self while at the same time one must strive to share his good fortune with others.

Thus much impartial clarity of mind and focus of thoughts on doing well for and to others is the best way to make the yoga successful.

Thus you will do well to act in virtuous, well-meaning and inclusive manner.

Welfare of others should be the priority and this will bring benefits for you as a corollary.

Trust the almighty to guide you while you should abhor any shortcut to make any undue personal gain or submit to any temptation.

Such good efforts should be consistent and free from any optimization or rationalization.

5.

Remedies:

Worship Goddess Durga, daily morning.

Chant "Sundar khand of Ram Charit Manas" every day, as very frequently as possible, the more the better.

Even silent chanting will do.

For specific support to the yoga planet, donate Ghee (vegetable oil), rice and sugar to any temple on every Friday early morning.
