When you are powerful, then nobody can challenge you but on the other hand, if you feel weak then you will scream in the sleep and need other's presence besides you. You possess all colors of contradictions of human nature. You also do not know how you will react at that moment but whatever your reaction is – it is intense.

Forgetting and forgiving are the two different parts and in your case, you will neither forget nor forgive the unjustified behavior with you. Not only the unjust but also the helping hand you receive from others- you will try to repay it generously. Many people may think you as simple and good follower, which you are certainly not. You want to overpower others without letting them notice. You will keep the secrets and your ambitions until you are successful in it. You are loving, warm, sensitive, jealous and over protective. If your lover is playing hide and seek game then you will reply him in the same language and try to beat him and if he is approaching straight away then you will reply him back with twice or thrice of his strength. Presence of yoga related to marriage

Venus in descendant- Blesses you with handsome partner.

ShukraBudha yoga- You aim to balance and bring harmony in your marital relations.

KujaDosha- Mars in fourth house aspects the seventh thus forming manglikdosha or kujadosha. It brings disharmony or unbalancing physical energies that may lead to turbulence in marriage.

Malavyamahapurusha yoga- blesses with spouse and progeny.

Vasumaan yoga- wealth, physical pleasures and comforts at home.

General Nature

You are ruled by your strong emotions and passion. Romantic life is often challenging, especially in youth. As much as you want to be involved in a passionate affair, their timing can be off and/or it's

difficult to find a relationship that mirror your strong desires and expectations. Especially when you are young, there can be a real awkwardness in your social skills--this may or may not be apparent to others, but this definitely makes you feel it about.

You are highly creative and generally is driven to express your creativity. Your passion for romance is often channeled into your creative output. For example, challenges in relationships may be a large part of the drive behind your poetry, music, or other art.

Love and hate are very much mixed together. You are prone to love-hate relationships with others, likely because your passions are such that the old saying "there's a fine line between love and hate" rings especially true. Some level of competitiveness, anger, frustration, or angst is present in your relationships with the opposite sex. Although you are quick to anger, you are generally just as quick to forget about it.

Promise of marriage in chart:

The seventh house of the chart governs marriage and the seventh house of the chart falls in Capricorn. It is placed by Sun. the lord of the seventh house is Saturn in the third house aspected by Venus. The significator of marriage- Venus is aspected by Saturn and Mars both. It is afflicted. The seventh house is also afflicted. There is no benefic aspect to the seventh house. thus the promise of marriage is very much weak and suggests that you may have to work hard to get suitable spouse.

Timing of Marriage:

Currently you are going through the dasha of Venus and sub period of Mars. This period enables marriage and this period may extend upto 2017 too. Mars and Venus both are placed inimically to each other. Then follows the sub period of Rahu from July 2013. It is possible to come across the suitable alliance during this period i.e. after July 2013.

Compatibility after marriage:

The Lagna lord represents "Self" and the seventh lord that represents "spouse" are in inimical position. Thus you may need to put in some effort to maintain harmony with your partner. separation is not evident but many turbulences are expected that , if not handled in the beginning may lead to serious conflicts of life that can become difficult to handle.

ManglikDosh Consideration:

Mars is in the fourth house of the birth chart, tenth from Venus Lagna and it is in the eighth from Moon. Thus manglikdosh is found from Birth chart and also from Moon Lagna.

Harmony or Discord

The Lagna lord and the seventh lord are placed inimical to each other. The related vargas also shows disharmony in relations. you and your partner may need to do effort to maintain harmony in relations especially – use of verbal powers should be exercised strictly. Respect from both the sides is necessary. Otherwise serious conflicts may arise.

Progeny and its related problems:

The fifth house governs progeny and the fifth house in Pisces that is the symbol of multiplicity. You may be blessed by many progenies but since Jupiter, its ruler is in the sixth house then it is possible that your first progeny may suffer through loss. It is then suggested to take care of your first progeny against any mishap. You may require medical care from the very beginning of the pregnancy.

You need to go for medical care along with prayers to get blessed by progeny. The progeny indicates more daughters than sons.

Overall conclusion:

The promise of marriage is there in chart. Marriage relations need some adjustments on both the sides. Considerable delay due to kujadosha in marriage is possible.

Best Regards,
