- Mars is a planet of sudden actions and reactions.
- Many of his effects are not easy to anticipate and prepare for.
- Well supported in a horoscope, it leads to brave actions that bring excellent results.
- But when afflicted in natal or transit position, Mars can cause major and sudden changes and induce us to take hasty and often wrong actions leading to loss and suffering.
- Thus it is always better to prepare for his transit.
- Such preparation will help to remain ready to accept or to avoid sudden events instead of trying to control their effects after they have occurred.
- Till 19 Dec 2009 Mars will be in direct motion in Cancer.
- Mars will be retrograde in Cancer from 20 Dec 2009 to 10 Mar 2010.
- He will be direct from 11 Mar 2010 to 25 Mar 2010 in Cancer and will leave Cancer on 26 Mar 2010.
- Thus the current transit of Mars through Cancer will end on 25 Mar 2010.
- Mars will remain in debilitation in Cancer and all his good effects will be reduced and bad effects increased.
- During the phase of retrograde motion of 80 days from 20 Dec 2009 to 10 Mar 2010 Mars will render even more adverse effects in general.
- Due the movable nature of Cancer and hasty nature of Mars, all possible rashness in thoughts and actions will be highlighted in your approach to various issues.
- Primarily you will lack self control in all matters.
- You will remain highly moody and will often dwell in the past and burn with a lot of suppressed anger and bitterness.
- You will be prone to very easy misconceptions and misunderstanding about others.
- On the other side you will show much courage and will act with much intelligence and diplomacy.
- You will be keen, unrelenting, alert and quite resourceful and ingenious.
- Yet the tendency to remain argumentative and very rigid will be a negative trait that can spoil your intelligent or diplomatic approach in all matters of importance.
- Due to movement of Mars in debilitation through the 11th house the possibility of financial success will become slightly lesser.
- This is in the sense that while you will have much chance of gaining materially, you will also lose a part of it or alternately, you may not gain as much as you expected in the first place.
- All the trends given above could join together and lead to actions and events that can affect your interests of the moment.
- But at the same time you will have enough opportunity to change the course of events by just being calm and generous in your attitude.
- The final results, on both short and long term, will largely depend on how you handle yourself and your actions.
- During the period of transit of Mars through Cancer you will need to be much slower, accommodative, flexible and pragmatic in your thoughts, expectations, actions, reactions, moves and commitments throughout.
- Act as per your age and your station in life, stay reasonable and be ready to give everyone their due.

- Even Mars himself will function after accepting the influences of other planets.
- Avoid vindictive actions or actions based only on ego.
- This is the right time to show your class and maturity and you must take the opportunity of being magnanimous where it is due.
- The above ways will help you to make the best use of the transit.
- Otherwise misfortunes in the areas of mental and physical health will torment you later in a big way when you cannot change your past actions.

SPECIFIC EFFECTS OF MARS TRANSIT AS PER YOUR VEDIC CHART

- In your natal chart, Mars owns the 3rd and 8th houses from your ascendant and the 1st and 8th houses from Moon.
- In your natal chart Mars is placed in Taurus in your house of wealth, fortune, sudden prosperity, husband's fortune and wealth, legal matters, moral standards and righteous actions when seen from your ascendant Virgo.
- When seen from your Moon sign Aries, Mars is in house of wealth accumulation, death, family, material welfare, negotiable and changeable assets, acquisition by own efforts and all other worldly attainments.
- Thus irrespective of transit position, Mars will always influence, in good ways and bad, your wealth, general material fortune, landed assets, inheritances and acquired properties, legal jurisdiction over all acquisitions, and sudden and unexpected changes in the events of life.
- You will be quite tenacious and determined and will have capacity for hard and prolonged efforts to pursue an objective to the end.
- You would be rather slow in your understanding of various events, situations, trends or people but will be finally ready to adopt a practical line of approach.
- You will possess and protect your prejudiced or even unjustified views in much obstinate manner and will not be kind hearted or really logical yet quite liberal when not expected at all.
- Thus your aggressive, vindictive and rather greedy attitude will have silver lining too when it matters most to you and to others.
- With this basic background of your natal chart, the transit effects of Mars through Scorpio will be of mixed nature.
- To avoid or reduce the possible bad effects occurring after the end of this transit you will need to act in right directions during the transit.
- You should maintain patience and pragmatism in all actions and thoughts till this transit finally ends.
- The following results are expected during the transit.
- Sudden reductions can occur in your expected material gains.
- Clear affections to your hearing power can develop and put you into much inconvenience and embarrassments.
- Sudden anger, out of turn and harsh speech, and their ill effects, wrong judgment of controversial issues, failure to think in practical ways and sudden changes in the course of events will develop.
- Nervous excitement, emotional stress, indifferent digestion will develop.
- Over confidence, much impatience, intolerance, needless rigidity and lack of judgment, discretion and foresight, lack of trust on advice received, needless arguments can spoil or obstruct arrival of peace or stability.
- Social criticisms and strictures from legal authorities may be invited needlessly.
- All negative effects can be prevented or at least reduced considerably by prudent anticipation of issues aided by self control.
- Recourse to meditation, Pranayam and Yoga will help a lot.
