

Rahu Ketu Transit Report

Dear ABC,

Thanks for choosing <http://www.indastro.com>

We have been providing Astrology Consultation and advice on true Vedic principles since the year 2000. Over two million customers have benefited with our free and premium services till date. We have prepared Rahu / Ketu transit report:

I
Effects of Rahu/ Ketu

1)

Transit:

From 31 Jan 2016, transit Rahu will be in Leo sign, in the 4th house from your ascendant and also from Moon sign, Taurus.

During the same period, transit Ketu will be in Aquarius, the 10th house from your ascendant and also from your moon sign.

These transits will prominently influence all areas of your life with special emphasis on your mind set, home life, property, career and your finance.

Transit of Rahu in the 4th house from your ascendant/Moon sign:

This transit will offer acquisition of landed property and conveyances will be possible.

Happiness in domestic life will improve.

There may be gain from mother or from litigation.

You may suffer from psychic problems or undiagnosed ailments.

Transit of Ketu through the 10th house from ascendant/Moon sign:

You will face disappointments, dissatisfactions and changes connected with your career.

You should be helpful to others, have control over your own desires, ambitions and power.

You should consolidate what you have already attained and should not be over ambitious for more, lest it may cause major troubles to you.

Delay in all matters is indicated.

Guard against fall from high places.

2)

Effect over natal chart:

Effects of transit Rahu and Ketu will much depend on their original natal position in your birth chart and the Karmic Control planets.

Natal Rahu and Ketu are not well conjoined or aspected in 2nd and 8th houses from ascendant/Moon sign in your birth chart.

Rahu will basically affect your attitude and the sudden effects arising out of them, especially related to health and finance.

Ketu will basically affect your speech, other communication, wealth and family life.

Due to Rahu and Ketu being square to Mars in birth chart, some degree of cruelty and very stern nature will be indicated and you will notice much impatience in your thoughts and actions that will disturb your physical vitality.

This will, in turn, adversely affect your basic health and physical sufferings.
You will often find that you have no energy left when you have a lot to do.
Also you will have excessive energy when you have nearly nothing to do and this will disturb you physically and psychologically.
You will have too much sexual energy, sometimes to the point of being pushed to a temporary state of promiscuity.
Since your Karmic Control Planets, Jupiter and Mercury [KYC-dispositor planets of the nodes], are in opposite locations from each other in your birth chart, the effects of the nodes will always be more challenging, irrespective of their transits.

3)

Transit with Jupiter or other planets:

Transit Rahu conjunct with transit Jupiter [till 14 Aug 2016]:

Till 14 Aug 2016, transit Rahu will be in conjunction with transit Jupiter, this forming Guru Chandala Yoga. Basically the conjunction of Rahu [a major malefic planet] and Jupiter [the most benefic planet] will create heady mix of conflicting tendencies with your sub conscious mind.

You may tend to act in an agnostic, if not in a truly atheist manner.

Latent hypocritical tendencies will try to raise their head and to break out of the control that you impose on them.

You will be an upholder of truth and justice but in your own life you may act contrary to what you preach or talk highly about.

You will be entirely practical in a strictly materialistic and worldly sense and will stay focused on desired results irrespective of the quality of ways and means to get them.

This approach will defeat the preference for practicality and usher in failure on longer term.

It will be best to stick to your inherent respect for personal honor.

Offer such honor to others too and stay on a righteous path without caring for immediate material benefits or tactical moves or any hidden agenda.

This will give you a clearer and peaceful mind and will bring social appreciation.

During the Guru-Chandala Yoga period, you may take actions [apparently practical] that will make you a poor manager of wealth and thus you will lose or waste your money and will invite financial stringency.

Avoid greed, haste, over confidence and showy behavior.

Stay grounded, principled and disciplined in all your thoughts and actions.

Transit Rahu trine natal Rahu:

Use what opportunity is available but you cannot be sure that it will last.

Avoid risk while you should go for any really progressive change.

Avoid any type of indulgence and laxity.

Proceed carefully to deal with seniors, credit and reputation.

Take care to avoid unhappiness and setbacks.

Transit Ketu trine natal Ketu:

Things will slow down or become complicated.

You will get lucky only if you keep your feet grounded.

Transit Nodes square to transit Saturn:

Transit nodes will be square to natal Saturn and this will form a quite strange aspect to such an extent that limitations in life are doubly significant.

Your ambitions, views and suggestions will not be fruitful or be accepted

This transit will give much loneliness.

Life will seem to be fated.

You will have no option than surrendering to the natural flow of events in very strict discipline.

Otherwise you will have to face doubly strong difficulties

II

New areas and opportunities

You may not get options for changing over to a better job or a better role in your current job while the work load in current job will be very high.

But such loads may come down significantly after the middle of this year.

Initiation of this process will start immediately but gradually and will take effect from after Aug 2016.

You will need to try from now and work hard and well to build the base for it.

Marriage, if you are not married, can be possible after Aug 2016 in case you are looking for it.

In this case too you will need to be alert and intuitive from now and make proactive efforts.

New associations with members of the opposite gender may develop throughout but these may not cause love or romance.

Here you will need to be cautious and discriminative to make the right choice for long term happiness.

However marriage through love affair may appear to be possible or desired but marriage will occur through arrangement by family only.

III

Challenges and shortcomings

Within the destined effects of transit of the nodes square to transit Saturn, the following challenges may develop and you will need to be alert and careful about them.

Transit Saturn will move square to Venus and opposite to Moon.

Thus all relationships, at work, at home or in society will suffer much.

Love and romance and professional equations will be specifically affected.

Demands for funds for family and other related areas will be high.

Communication will be lacking in good timing or clarity, especially in career.

Your decisions of speech and all other communication can be much hasty and short sighted.

Thus you will appear quite unconvincing and wayward to others and this can create and enlarge many differences and disagreements and can lead to some failures.

Transit Saturn opposite to natal Sun in your career chart D_10 will cause major differences and arguments with superiors.

You will be prone to make significant mistakes in judgment in relation to seniors and this will cause threat to your career progress.

IV

Suggestions on how to use this transit for best results and avoid setbacks:

Stay cool, calm and collected and maintain a well grounded attitude.

Lie low and avoid ego clash or power struggle.

Maintain decent professional relationship with all at work place and do not antagonize anyone since this can only bring disappointments and sorrow but no benefit or gain.

Spend and invest with total discretion, self control and try to better your accumulation of money through conservative ways.

Stay truly circumspect in social life about making right choice of associates.

Control your anger, even if you believe that anger is on justified ground.

Exercise daily or talk a long walk to maintain better health, as the time will demand this more now.

V.

Remedies:

Worship Lord Siva, every day.

Chant "Om Namah Sivaya" as frequently as possible, the more the better.

Even silent chanting will do.

Chanting of this mantra will usher in the blessings of Jupiter as well as of Moon.

Avoid any wrong or unfair action, especially on Mondays and Thursdays.
